## ABOUT THE HUMANITY HUB

The Humanity Hub is a not-for-profit foundation that supports and strengthens the community of professionals in peace and justice of The Hague working towards a more peaceful and just world. We facilitate collaboration and innovation by offering the necessary ingredients for chance encounters, inspirational collaborations, and the exchange of knowledge.

The Hub is both an actively managed community and a beautifully designed space in the city centre of The Hague, - a place where professionals can connect and collaborate, work, and organise events.

Our growing community is active in a wide range of fields such as peacebuilding, justice innovation, education, humanitarian action, climate action, and development aid. From non-profit to for profit, start-ups to scale-ups, small local to large international organisations and academia, everyone is welcome. Our ambition is to unleash the potential of the ecosystem by engaging as many relevant organisations as possible in our community.

### THE HUB'S THREE CORE INGREDIENTS

#### Community

- Build and support an active and [professional community of diverse members](#).
- Facilitate visibility, transparency and access to The Hague ecosystem and welcome newcomers.
- Act as a catalyst for connection and exchange of knowledge.
- Provide a connection point for talent and employers.

#### Programmes

- Co-create innovative community-led programmes with, by and for members.
- Design and run open events and programmes to support the connection of professionals across the broader ecosystem.
- Strengthen existing programmes in the ecosystem and support the development of new initiatives.
- Bring peace and justice to life for (Hague) citizens with public events and programmes.

#### Campus

- Offer the community a home to meet and connect.
- Provide space and services for in-person, hybrid and virtual meetings and events.
- Offer flexible co-working subscriptions and full-service private offices.

# JOIN THE COMMUNITY

*A community of people* – We know from experience that community works through connection and trust between people. Following this, Hub members are people that represent the organisations they are working for, not organisations. Members have access to the services and benefits of the Humanity Hub and in doing so activate the benefits for their organisation.

It is important to understand the principle of *members are people*, so that members and their organisations can make the best choice on how to engage in our community.

Membership at the Humanity Hub gives access to a diverse and rich community of professionals working towards a peaceful and just world, from The Hague and beyond.

Hub members work across a variety of sectors and causes. Through the Hub, they can find new opportunities to connect, share knowledge and collaborate with like-minded people.
