ABOUT THE HUMANITY HUB

The Hague Humanity Hub is not for profit foundation based in The Hague, the international city of peace and justice and home to hundreds of organisations working towards a better world.

We offer a vibrant platform for changemakers to collaborate towards a peaceful and just world. Building bridges across sectors, themes and disciplines, we connect people from hundreds of organisations to share insights, form alliances, and innovate for greater impact. Our community collaboration space in The Hague embodies our vision of an open, peaceful society, serving as a physical hub for meaningful collaboration.

Are you working towards a more peaceful and just world? Join The Humanity Hub. You can find out more about membership and residency in this document.

OUR WORK

Collective Action

We bring together changemakers around shared challenges by facilitating dialogue and building communities with people from different sectors and backgrounds to explore ideas, share knowledge, and co-create new approaches that spark innovation.

Strengthening the Ecosystem

We strengthen The Hague's ecosystem for good by building bridges between organizations, networks, and individuals. We help identify shared priorities, spotlight emerging themes, and create space for collaboration, locally and globally.

Public Engagement

We believe that everyone has a role to play in building a more peaceful and just world. That's why we create opportunities for the public to connect with, learn from, and make their voices heard in the mission-driven community of The Hague.

Community Collaboration Space

The Humanity Hub offers the community a welcoming home to meet, connect and work in the city centre of The Hague. From serendipitous meetings and inspired work sprints to curated thematic events and after hour networking, hundreds of changemakers come together every day at the Hub. Our 2000m2 space includes a member's café, full-service hybrid and in-person meeting and event facilities, flexible coworking options and private offices.

A COMMUNITY OF PEOPLE

A community of human beings – We know from experience that community works through connection and trust between people. Following this, Hub members are people that represent the organisations they are working for, not organisations. Members have access to the services and benefits of the Humanity Hub and in doing so activate the benefits for their organisation.

It is important to understand the principle of *members are people*, so that members and their organisations can make the best choice on how to engage in our community.

Membership at the Humanity Hub gives access to a diverse and rich community of professionals working towards a peaceful and just world, from The Hague and beyond. Hub members work across a variety of sectors and aim towards a more peaceful and just world. Through the Hub, they find new opportunities to connect, share knowledge, and collaborate with like-minded people.
